## SHOP

---

Our corner shop is a curated collection of things we love. Besides our specialty coffee and tea, you'll find our brewing equipment, books, de Stijl objects, and other gifts by various artisans in Utrecht.

Our collection and menu changes at our locations. We serve and sell our own specialty coffee/tea, and feature guest coffee roasters every month with limited coffee bags to take home with you.

Join us and see what we currently have in the former garage of Rietveld Schröderhuis in Utrecht.
